209 274-2085

A California native, Donna has been married to her husband, Bud for 48 years this fall. Together they have two married Daughters and 5 Grandsons.

Donna grew up in California, Idaho, Hawaii, and Wisconsin. As an adult, she met Bud in San Francisco and they married and settled down in Alameda, eventually raising their small family in the Newark – Fremont area. After their daughters left home they eventually migrated to Valley Springs and finally to Lone where they have lived for the past five years.

Donna is a self-taught Artist who's earliest art concentrated on Human and Animal Life. Faces, Horses, Dogs and Cats were her early childhood studies. As an adult, capturing the essence of a face has always been her greatest delight. Donna's early portraits were done in both Pastels and Oils.

Because of her love for the ocean, she later mastered Seascapes and worked towards gaining skills in Flowers and Still Life.

Donna learned techniques utilizing pastels for commercial purposes while working at Mervyns', and has applied those lessons to her recent children's book illustrations. She strives to bring the author's stories to life through her pictures.

Today she is a well-rounded realistic Artist skilled in Oils, Acrylics and Pastels.
